LEAD ICE TECHNICIAN

Are you a level 2 or 3 certified Ice Technician with 4+ years of experience providing high quality ice?

We are seeking someone to prepare and maintain six sheets of high quality curling ice from August 2019 to April 2020. Reporting to the GM, the Ice Technician plays an integral part in the customer service and professional image of our club. Qualified candidates will have experience performing and overseeing all ice-making and maintenance duties, managing volunteer ice crew and keeping detailed maintenance logs.

Main Responsibilities

- Start-up and shutdown of Ice Plant
- Maintain a detailed maintenance log
- Prepare and maintain the ice surface to the highest possible standard
- Perform or cause to have scrape, pebble and nip prior to each league and rental draw
- Perform/oversee mid-season major ice maintenance (Christmas Break)
- Train and supervise ice assistants in the operations of scrape, clean, pebble/nip and advise/assist the GM in recruiting and co-ordinating schedules of volunteer Ice Assistants
- Work with GM to establish the ice maintenance schedule for distribution to VP Curling and league convenors

Other Duties

- Complete all tasks observing all safety rules and in a professional and courteous manner
- Ensure tools are properly maintained and serviced as required. Service log to be maintained
- Co-ordinate with GM to establish need for rock maintenance/repair as required.
- Be present at agreed times for all Major Bonspiels and some evening league play to monitor ice conditions and ensure best possible quality
- Attend (at Club expense) periodic approved clinics/courses/seminars to update knowledge and maximize effectiveness in the job
- Prepare for and co-ordinate end of season ice removal, utilizing outside resources as required
- Other assorted duties as requested by the GM

Qualifications and skills

- 4+ years' experience as an Ice Technician
- Excellent verbal and written communication skills
- Minimum Level 2 Certification (Level 3 Preferred)
